

Dear Madam/Sir <<Last Name>>,

There is no doubt that 2020 has been a difficult year, but 2021 has learned us to be very creative.

One of the exciting things was the introduction of our **Time Timer® WASH** a touchless visual timer for handwashing.

Washing your hands was never so important and even if the world opens up and there is no virus anymore, it still will be an important issue to learn to our children.

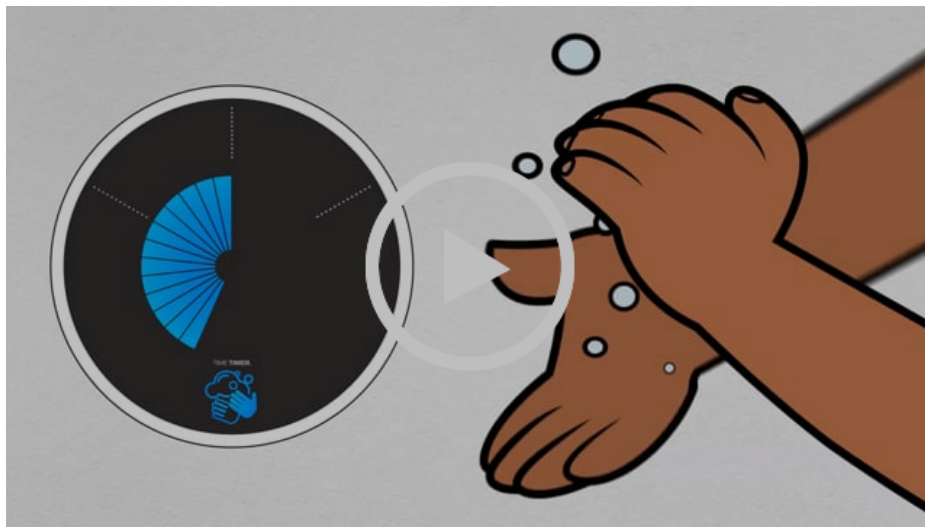

**5 Seconds
Get Soap!**

**20 Seconds
Scrub Hands!**

**5 Seconds
Rinse!**

ACTIVITY CURRICULUM GUIDE

We also have an **Activity Guide for Handwashing** available from Eva C. Phillips, Ed.D. with instructions and tips how to introduce the handwashing process and more important how to do it correctly.

[Interested? Let us know.](#)

This year we introduced our new **Time Timer® Pocket, Medium and Large** with a lot of new features. The first productions were sold out very quickly.

Current situation for the Drying & Book racks and Time Timers, news from our factories

Certain items are not in stock due to production delays, shortage of containers and less vessels from the Far East, and not to forget extreme ocean freight rates. Due to this extraordinary situation we cannot serve you before the month June. We really regret this situation as you were used to get the best and quickest service from us. We hope to have this stock shortage under control by the summer.

CATALOGUES 2021

End of April we have sent you our **new catalogues**. We hope you have received them. If not please let us know. You can also click on the image below to open the catalogue.
