Dear Madam/Sir <<Last Name>>,

Don't forget to include the Time Timer WASH in Your Layered Approach

Make Handwashing Fun!

Optional fun, happy music plays throughout

Is your school still determining a plan for a safe return?

While preparing for a safe return to in-person learning, keep in mind that one thing that has remained the same through the entire pandemic: the importance of proper and regular handwashing. According to the WHO, scrubbing hands for 20 seconds can increase attendance in school children.

This simple integration can be gamechanger for your layered approach to in-person learning.

The first Hands-Free and Visual Timer: [Time Timer® WASH](#)

As you are outfitting your facilities and classrooms with mobile sinks, spaced out seating, and extra masks, don't forget to include the touchless Time Timer WASH handwashing timer. With the [Time Timer WASH](#) you can ensure that your students are washing their hands properly and for the correct duration, therefore increasing attendance and adding to a layered approach to safety.

[Time Timer Products](#) have been a proven success in classrooms for over 25 years. Its familiar disappearing disk, paired with the WHO (World Health Organization) recommended duration for sanitary hands, gives students of all ages and abilities an easy-to-understand resource for ensuring their hands are germ-free.

The best part, once students are introduced to the timer, they quickly get it and will often self-regulate, washing hands correctly independently.

Read how Time Timer Can Help

How it Works

The Time Timer WASH times for a total of 20 seconds and breaks washing into three simple steps:

5 SECOND
SOAP

20 SECOND
WASH

5 SECOND RINSE
