## **Free Handwashing Activity Guide**

**According the WHO “*Handwashing with soap could protect about 1 out of every 3 young children who get sick with diarrhea, and almost 1 out of 5 young children with respiratory infections like pneumonia.*”**

Time Timer® has partnered with [Eva C. Phillips, Ed.D.](#), to develop a comprehensive Activity guide for teachers to aid in the education of handwashing for elementary-aged children. The Activity Guide contains 5 interactive activities for teachers to use with students while teaching about proper handwashing techniques and includes a recording sheet and activity templates throughout.
