Dear <<First Name>> <<Last Name>>,

Celebration

Robo Educational Toys B.V. has reached the milestone of its 30th anniversary. And we want to celebrate that with all our loyal customers!

We will surprise you with monthly promotions, so keep an eye on your mailbox!

This month of September we are very proud to introduce the **NEW** Time Timer® WASH and Soap Dispenser.

The Time Timer® WASH + Soap Dispenser, is an automatic, touchless soap dispenser with a visual timer for handwashing built in. The timer can be initiated without touching by simply holding hand under the spout. Soap (not included) automatically dispenses, and the timer will begin the countdown to guide kids and adults through three simple steps of effective hand washing as symbols for soaping up, scrubbing and rinsing appear next to the easy-to-read countdown disk. The perfect addition to any home, classroom, or office to ensure everyone is washing their hands for the proper duration.

If you place an order in the month September you will receive an extra discount of 3% with the following play rules:

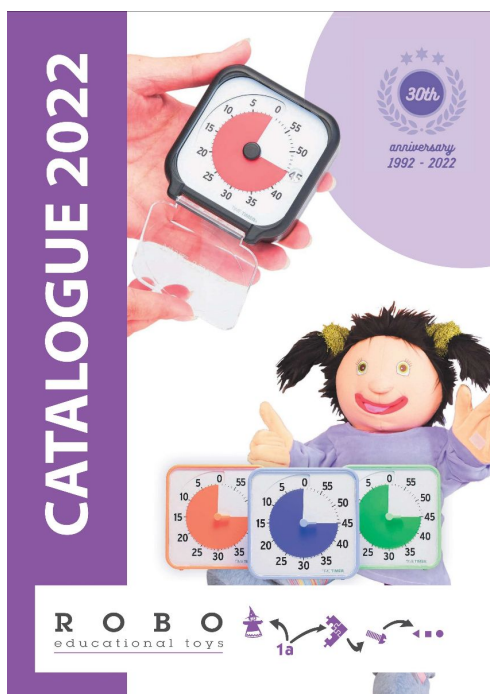

- Order for minimum quantity of 6 units
- Placed order and delivered in September
- Your regular conditions are applicable

Ref.nr. JAC5401 - Time Timer® WASH and Soap dispenser
