Dear Madam/Sir <<Last Name>>,

We are pleased to announce that the popular Time Timer® Plus Charcoal has been updated:

PAUSE YOUR TIMER

Simply push the Play/Pause button on the front of your timer to either play or pause your Time Timer® PLUS.

The orange ring around the Play/Pause button will be visible when the countdown is paused. When the button is flush with the unit and no orange is visible, the timer is counting down.

INSTALL 2 AA BATTERIES

The battery cover is located on the back of your Time Timer® PLUS.

Simply open battery cover down to insert batteries into compartment.

CHOOSE YOUR SOUND PREFERENCE

The timer itself is quiet – no distracting ticking sound – but you can choose whether or not to have an alert sound when time has elapsed and the volume of the alert. Simply use the volume control dial on the back of the timer to control audio alerts.

SET YOUR TIMER

Turn the center knob on the front of the Time Timer® PLUS counter-clockwise until you reach your chosen amount of time. Immediately, the timer will begin to countdown.
