Dear Madam/Sir <<Last Name>>,

We extend our sincere appreciation to those who visited our booth at the Nürnberg Toyfair. Your presence and interest in our products mean a great deal to us. For those who couldn't make it, we missed the opportunity to connect with you personally.

Should you have any questions or require further information about our showcased products, please don't hesitate to reach out.

TIME TIMER

We are pleased to unveil our new products for 2024. These additions reflect our commitment to providing practical solution. Explore the latest in our lineup as we continue to evolve and meet the needs of our customers. Your support is appreciated, and we look forward to delivering reliable and innovative products throughout the year.

Now Available: Time Timer® Visual Scheduler

We have seen a great initial response from the launch of Time Timer's newest product offering: the Time Timer® Visual Scheduler.

Users can create visual schedules that are easily understandable for people of all ages and abilities by merging the vanishing coloured disk feature of the Time Timer® visual timer with visual activity cues. This powerful combination enhances comprehension and accessibility.

The Visual Scheduler is sold as a kit with the Time Timer® Original Medium, or can be purchased separately as an accessory offering.

**AVAILABLE
NOW**

**Time Timer® MOD
120 Minutes
Education Edition**

Customers asked, and we answered. Introducing the new Time Timer MOD 120-Minute. This two-hour timer is now available in the popular MOD shape and size. As part of the Education Edition series, the MOD 120-Minute includes a soft, white, silicone case and free access to the Time Timer Desktop App.

Ref.nr. JAC5113 - Time Timer® MOD Education Edition 120 Minutes includes a silicone case.

Updated Time Timer® PLUS with Pause Feature

We are excited to launch our first analogue timer that offers a pause feature!

All new orders for the Time Timer® PLUS will include this new Pause feature. For a limited time, you can still order the PLUS without pause for the models Time Timer® PLUS White - 60 minutes and Time Timer® PLUS White 5 minutes. If you would like to order the models WITHOUT the pause feature, please reach out to info@robo-toys.com and specifically request the previous model. We will check inventory status before filling your order. If left unspecified, all new orders of the PLUS family will include the new Pause feature.

New Packaging size: The packaging for the PLUS has been redesigned and reduced by 25%, therefore allowing it to use less cardboard, take up less space in the warehouse and/or on shelf, and lower the individual unit shipping costs.
